

# Supporting You from a Position of Strength

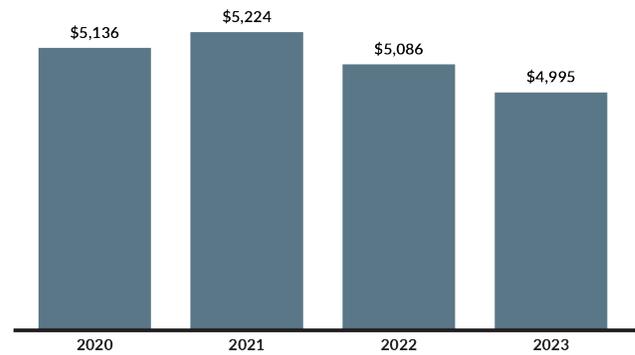

Johnson Financial Group has built a strong capital base to ensure we can meet your needs today and in the future.

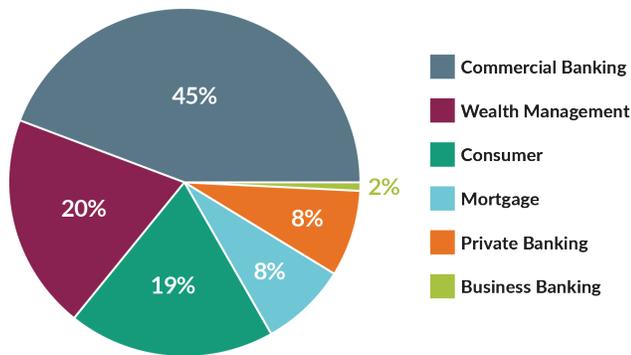

## Total Bank Loans in millions

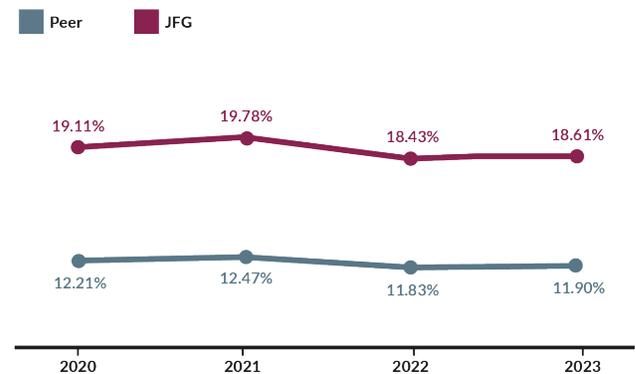

## Total Bank Deposits in millions

## 2023 Total Bank Revenue by Line of Business

## Tier 1 Risk-Based Capital Ratio

See back for legal and compliance disclosures.

## Investing in Technology

We continue to invest in technology, new solutions and improved processes to effectively serve our clients. Our 2023 onboarding of Connect2JFG brings simplification and consistency to our loan documentation process.

Looking ahead for 2024, Real Time Payments and onboarding of Fed Now will bring significant receivables and payables efficiencies for clients for B2B transactions. First, clients will be able to instantly receive digital payments from Businesses on the network, then later this year, Business and Commercial clients will be able to send payments.
