

Important Notice Concerning Your Rights Under Your Company's Retirement Plan

August 2, 2021

We are pleased to announce that Johnson Financial Group (JFG) Retirement Plan Services (RPS) will be making significant enhancements to the content and tools available through your online retirement account access. The new features are designed to provide a more personalized experience to help you achieve your retirement goals. The new features include:

- A new and improved retirement income projection tool to help you meet your retirement goals
- More educational content about your company's retirement plan to help you better understand this important benefit, and how it can help you achieve future financial freedom
- Access to financial wellness content across a variety of topics to help you meet short and long term financial goals

To allow JFG RPS to begin adding these new features to your online retirement account access, we'll need to **temporarily** suspend access to your account. As a result of these changes, you temporarily will not be able to:

- direct or diversify investments in your individual accounts
- obtain a loan from the plan (as applicable)
- obtain a distribution from the plan
- change your contribution rate

This period, during which you will be unable to exercise these rights otherwise available under the plan, is called a **blackout period**. Whether or not you are planning retirement in the near future or thinking about adjusting your financial position within your retirement plan, we encourage you to carefully consider how this blackout period may affect you.

The blackout period for the plan will begin on September 2nd at 3 pm CST and is anticipated to end the morning of September 13th. You will be notified of any changes that impact the completion date of the blackout period.

Please note that your account balance will remain invested in the investments you have selected during this time. You will not be out of the market during this blackout period.

It is very important that you review and consider the appropriateness of your current investments in light of your inability to direct or diversify those investments during the blackout period.

For your long-term retirement security, you should give careful consideration to the importance of a well-balanced and diversified investment portfolio, taking into account all of your assets, income and investments.

Federal law generally requires that you be furnished this notice of a blackout period at least 30 days in advance of the last date on which you could exercise your affected rights immediately before the commencement of any blackout period so that you have sufficient time to consider the effect of the blackout period on your retirement and financial plans.

Once the blackout period has ended you will be notified by JFG RPS and your employer.

Key Information Post-Blackout Period

- After the completion of the blackout period on September 13, 2021, you may continue to access your online account via the JFG website at <https://www.johnsonfinancialgroup.com/personal/> > Login > Other Personal Accounts > Retirement Plan Access
- **IF YOU HAVE BOOKMARKED THE SECURE LOGIN PAGE YOU MUST UPDATE YOUR BOOKMARK AFTER SEPTEMBER 13, 2021.**
- You will need to establish new login credentials and set up new security questions. We will communicate how to do this prior to the start of the blackout period on September 2, 2021. We will remind you of how to do this again after the blackout period ends

Questions?

If you have questions about accessing your account, please call our WorkSaveRetire Participant Service Center at 888.769.3796 > Option 4 > Option 1 – we are available M-F, 7am-7pm, CST.
